The part numbers shown in black are new clutch units (not remanufactured).
In the example above the new unit is **805160**.

The part numbers in green are remanufactured clutch units.
In the example above the remanufactured clutch unit is **805140**.

When a remanufactured clutch unit is supplied, the old unit (core) has to be collected as part of our Exchange Standard policy.

In order to remind you of this information we have put a symbol at the bottom of each page.

When an application is covered only by a part number in black, it means that we only have a new clutch unit for this application.
